# **CONTROL** PANEL

POWER ON

Touch the screen to turn the control panel on and activate all audio and visual equipment in the room. This includes lowering the projector screens.

POWER OFF

Press the **System Off** button to start the shut off sequence. Press **Yes** to proceed in raising the projectors and turning off all the audio and visual equipment. Please make sure to log out of your account on the computer.

CONTROL
PANEL

_____

PROJECTOR SELECT

The **Main** button controls the main (center) projector. The **Proj. 2** button controls the secondary (side) projector. The buttons may differ depending on how many projectors are located in the room, bu the concept is the same.

BLANK SCREEN

A black (blank) screen will appear on the projector without shutting off the system.

INPUT SOURCE

The default input source for both projectors is set to **Computer**. Change what appears on screen by first selecting a projector and then selecting what you want to be shown on screen (the input type).

VOLUME CONTROL

Adjust the volume by pressing the up and down arrows. Mute the audio by pressing the **Mute Audio** button.

SYSTEM OFF

Turn off all audio and visual equipment by pressing **System Off**. Remember to log out of your account on the computer.
