MICROSOFT EDGE
FAVORITES

——

01   Open Edge. Press **CTRL + I** simultaneously on your keyboard to open the favorites bar.

02   Click on the **Settings** button (looks like a gear).

03   Click on the **Import and Export** button.

04   Click on **Export to File**.

05   Save your favorites to your preferred location (GoogleDrive, OneDrive, documents folder, flash drive, etc).
