MOBILE INTERNET CONNECTION

A practical guide for GateWay students, staff, and faculty with Maricopa credentials to connect to internet on their iOS or Android mobile devices.

ANDROID MOBILE DEVICES

01   Open the **Settings** app. Then, click on the **Network & Internet** tab. Ensure the Wi-Fi tab is toggled on.

02   Click on **Wi-Fi** and then click on **GateWay**.

03   Match the following settings (if shown). Then, click on **Connect**.

EAP Method	PEAP
Phase 2 Authentication	None
CA Certificate	Do Not Validate
Identity	[your MEID]
Anonymous Identity	*Leave this empty*
Password	[your password]

IOS MOBILE DEVICES

01   Open the **Settings** app. Then, click on the tab labeled **Wi-Fi**.

02   Under the Choose a Network heading, click on **GateWay** and then log in with your GateWay credentials (Your MEID and password). If prompted with a certificate pop-up, click on **Trust**.
